SUMMER CAMP 2023-2024

ENRICHING SUMMER EXPERIENCE **THROUGH INTEGRATED ACTIVITIES**

DL. D.A.V. Model School, Pitampura, took a proactive approach by combining Sports, Theatre, and ATL activities to create a comprehensive Summer Program. This program aimed at enhancing holistic development of the students by fostering physical fitness, creativity, communication skills, teamwork, problem-solving abilities, and technological proficiency. By offering a diverse range of activities, the school validated that students had a rewarding and unforgettable summer vacation experience.

Furthermore, this program equipped the students with invaluable life skills that went beyond the traditional classroom learning.

One notable aspect of the Summer camp was the engagement of parents whose children participated in the Sports activities. They were provided with Yoga training by experts, ensuring their active involvement in the program.

Overall the initiative undertaken by the School during the Summer Camp was a tremendous success.
