We the students of class II were very excited on our excursion day .We were to go for picnic to **Zoo, Penguin Visit, Dr. Bhau Daji Lad Museum and Funshala , Byculla Mumbai**. As we boarded the bus all of us were very happy and enjoyed in the bus. Soon we reached our destination - the Byculla Zoo .It is also known as

Jijamata Udyaan. We saw hippopotamus sitting in water. We also saw two elephants and black monkey. Few species of snakes were also seen. We also saw flamingos, peacock, eagle and green parrots. Then we saw penguins, there were five penguins who were kept in controlled temperature.

Next we visited Dr. Bhau Daji Lad Museum. This museum houses a large number of maps and historical photographs of Mumbai, clay models, silver and copper wear and costumes. After visiting the museum we were taken to funshala. Funshala provided fun with outdoor activities. We played with beach toys and enjoyed a lot. I would like to thank my school and my teacher Suvarna Mam for looking after us and taking care of all the students of our class.
